2. <https://ampeled.github.io/ist263/lab02/lab03/contact.html>
3. [\(X\)HTML5 validation results for https://ampeled.github.io/ist263/lab02/lab03/contact.html - Nu Html Checker \(validator.nu\)](#)
4. I had confusion adding the picture of the linked in logo. It hadn't shown up for a while. Why was this happening?
5. The hardest part for me was adding the picture. I dont know why i struggled so much. It kept showing up in the wrong spot.
6. I would rate my confidence level at a 3 with this content. I understand but definitely need the help and guidance of other.
